## TEAS

*Making Tea*—Care should be taken in the infusing of Tea.

The water used should boil *at the time* it is poured on the leaves, but should not have been boiling for any length of time, as long boiling makes water hard. Ten minutes is *not too long* for water to remain on *our* Teas, as fine Teas take longer to infuse than Teas of a low grade.

*Preservation of Tea*—We would strongly impress upon our friends the importance of taking every precaution to prevent our Tea coming in contact with household supplies. It should be kept in air-tight tins; if left in paper bags or exposed to the air, it quickly loses its delicate flavor.

**COFFEE**

Martinson's, so much richer and finer, is also a much stronger coffee. It makes more cups per pound. You need only a level tablespoon of Martinson's to make coffee of the same strength as a heaping tablespoon of any other. Therefore, Martinson's actually costs "no more per cup." The most economical shopper can afford to use it. And, of course, the utterly superior Martinson flavor is beyond compare.

# CO-VEG

*The Coffee Substitute That Stands Alone.*

**A WHOLESOME COFFEE FLAVORED BEVERAGE CONTAINING COFFEE, VEGETABLE, ROOTS AND FRUIT**

It is carefully, scientifically compounded and retains the coffee flavor. By the method employed in mixing the several ingredients, this coffee flavor is imparted to the whole, with the result that when made into a beverage it cannot be distinguished, so far as taste is concerned, from the finest coffee.

**CO-VEG** does not contain cereals. Taken as a beverage, **CO-VEG** not only is a delight to those who have acquired the coffee taste, but will prove a beneficial substitute.

It goes twice as far as coffee and is therefore more economical. One heaping teaspoonful of **CO-VEG** produces a cup of surpassing beverage, while coffee requires a heaping tablespoonful for each cup of beverage.

Try **CO-VEG** and let your palate tell you that it should be your regular table beverage hereafter.

KILTIE KIPPERS  
are "THE CREAM OF  
THE CATCH."

KILTIE KIPPERS, the first wrapped kippers imported into the American market, are produced by the Mac Fisheries Limited, whose quality sets the standard for all fish products in Great Britain. The same is true in America.

Smoked with Oak Chips. No coloring matter used. No short-cuts to undeserved profits. The proof is in the eating of them.

When better kippers are produced, Mac Fisheries will produce them.

## No other

Cooper's marmalade is made from a recipe that dates back to the 70's. Fresh fruit, pure sugar — and knowledge, are the only ingredients. The distinctive taste is found in no other marmalade.

Cooper's is served in fine hotels, on the large liners, in the best clubs of the world — and in thousands of modest homes.

In the years when an exceptional orange crop permits, Cooper makes a "Vintage" marmalade which is matured for several seasons before it is offered for sale. It has a deeper color, a richer taste — a marmalade for the connoisseur.

## The only genuine IMPORTED SCOTCH MARMALADE

is one that is prepared from the finest bitter-sweet Seville oranges, made and packed in Scotland, and imported into America in individual containers.

Every jar of Robertson's Scotch (Orange) Marmalade is made and packed in Paisley, Scotland, and imported in the well-known stone corks. No portion whatsoever is shipped to this country in bulk, and re-cooked and re-packed here.

The Robertson label, their appointment as Preserve Manufacturers to His Majesty King George V, and their international reputation since 1859, when the first jar of "Golden Shred" was made, are your guarantee that you are buying the genuine imported article.

*For complete list of the Robertson marmalades (orange, lemon, fig and ginger, etc.) jams and jellies kindly see pages 103, 108 and 113*

## "Pin Money" Pickles

RELISHES

CONDIMENTS

Cooked until they are tender and mellow, they almost melt in your mouth. The flavor which comes from making them by a rare old recipe and ageing them in pure apple cider vinegar is a flavor that can't be copied.

*VEGEX for Tasty  
Flavor and All of  
the Known B Vitamins*

Found high in all of the known B Vitamins. Of most recent interest is the discovery of the "P.A." factor, probably another vitamin, in Vegex-Marmite and reported from the studies in pernicious and related anemias from high Medical Centers in America and England. Anemia and all other disorders should be referred, at once, to a physician.

*Statements about Vegex accepted for advertising in the Journal of the American Medical Association include:*

"It may stimulate finicky or capricious appetites. It aids increased consumption of food; is frequently a means for quick pick-up in strength."

"Is easily borne by nursing and bottle babies and adult invalids under the physician."

"Vitamin additions can easily be made a simple matter. Properly made and tested cod liver oil supplies the A and D Vitamins, oranges Vitamin C, Vegex is high in all of the present known B Vitamins necessary for normal growth, reproduction and successful rearing of the young."

There is no flavor for the kitchen or kitchenette with more uses. No one tires of it. Purchased at the usual cost of food flavoring, its use makes up any deficiency in all of the known B Vitamins.

Try its flavor with butter—one part Vegex to eight or ten of butter—on a slice of bread or a whole wheat cracker, or a scant teaspoonful to a cup of hot water; good flavoring with a good feeling of extra strength.

# Afternoon Tea

The most impressive touch you can give to your afternoon tea is to serve HUNTLEY & PALMERS' Biscuits. Over and above their internationally recognized supremacy in quality, flavor and wholesomeness, there is an aristocratic distinction about the Huntley & Palmers' name which

they are pleased to share with their patrons.

## Then THE NEW CREATION CAVIAR TOAST

To be served with Hors d'Oeuvres, at Bridge Parties, Formal Dinners, and Buffet Suppers.

You will prefer the "BREAKFAST" as more digestible than toast—the "DINNER" with soup or oysters—and a great variety for afternoon tea.

The "AKOLL" for dietetics.

For a general assortment you will enjoy the Special Tin of "SWEET ASSORTED."

## at Buckingham Palace

one of the most colourful events is the time-honoured "Changing of the Guard." In New York and its fashionable environs, an event of increasing importance in the realm of Gracious Hospitality is the "Cocktail Hour."

We are justifiably proud to know that Peek Frean's Biscuits have earned their right of entry into both these exclusive circles. Biscuit Manufacturers by Appointment to His Majesty King George V. and 22 other Royal Households, we have the honour also of serving—through Messrs. Charles & Company—the needs of America's Smart Society.

*We take the liberty of drawing your attention to the*  
ST. GEORGE SERIES OF APPETIZER BISCUITS

Introduced to meet the demand for a more economical package, these unique biscuits are packed in a patented metal-end Airtight Carton, cellophane-wrapped and of attractive design, that ensures the crispness and oven-freshness of their contents under all climatic conditions. Three established favourites in Twiglets, Cheddar Sandwich and Cocktail Puffs are so packed, in addition to three entirely new numbers—Celery Sandwich, Piquant Sandwich and the Savoury Snacks assortment. The prices are 30% to 40% less than would be the case if packed in tins.

Chantilly cookies are made from an old French recipe. The delicious flavors are obtained by blending the finest creamery butter, imported Italian cheese, imported Dutch poppy and caraway seed. The unsweetened or salt cookie (Cheesette—Poppyseed and Caraway seed) are best served with all kinds of beverages, salads and soups. While the sweet cookies (Champagne and Chocolate) may be served with ices, tea and wines. The saucer like Canapé Shell is an excellent base for any hors d'oeuvres spread.

Mr. Cigar Smoker:

WE KNOW WE'RE RIGHT—because we are steadily going ahead.

When the first SANO cigar was produced we believed tobacco with the nicotine content reduced to a minimum was not only better for you, but actually tastes better, too. Ten years experience in building a business proves that once a man becomes a SANO smoker he remains a SANO smoker. It's friendly mildness adds a new thrill to smoking. Sano cigars are offered in seven popular sizes.

You, too, will understand our growth after a trial. Satisfaction guaranteed or full credit allowed.

Respectfully,  
HEALTH CIGAR COMPANY, INC.

Duffy-Mott Sparkling Golden Russet Cider is a de luxe item for the most fastidious trade. It's a drink that goes naturally with champagne glasses. A true wine-cork is wired in and sealed with foil. When loosened, it pops ceilingward in the approved continental manner. Then comes the fizzy, golden convivial juice of choicest russet apples. A drink for a king. And how the elite do love it!
